You will find most popular engine parts for 70cc 4Stroke Manual Clutch Engine. This engine is widely used in Chinese kid dirt bikes. You can find it in these brands Taotao, Roketa, Sunl, Coolster.etc. The motor runs great with your stock CT70 carb or select a carb from the stock or aftermarket carbs listed as options on the CT70 page for your stock CT70 motor. Mounts directly to your stock mounts but these are 12 volt systems. If you desire to run these motors on your vintage 6volt system, you need to make modifications to your stock wiring, please consider this before purchasing. CHP Motorsports Inc, has a NO RETURN policy on all engine sales barring manufactures defects or shipping damage. Your order will not be processed until shipping is confirmed. Please update your browser. We suggest using Google Chrome or Mozilla Firefox.The clutch is designed with frontmounted, manually operated, wet, constantpressure type, smooth and steady engagement, thorough disengagement. 3.Multistatus, selection as you like. Such shiftings as 4shift rotary and nonrotory shifting etc may be optional; Ordinary or extended length secondary shaft optional. 4.Stable performance, saving money and worry. Accept small quantity order 3. Fast delivery pit bike parts Packing show company show pit bikeTrialrun Team show Our cooperative partnerpit bike parts About us Our company is a manufacturer and trading company, which is established by some bike enthusiasts.We are specialized in the research, development and

JB 5.0 out of 5 stars One thing to note was the nut to tighten the clutch down on the crank shaft was a larger thread diameter than my old one. I reused my old nut and everything

worked out fine. Both nuts had to same OD and fit the same clutch tool so Im not exactly sure what was going on. Fit great and worked really good. Dont forget to buy the clutch socket though.
